\* The new fantasy action RPG where you play as a resurrected hero, Rise! \* The Bitter Lands Between. A mysterious land that stands at the edge of the world, separated by a great chasm from the rest. Ever since the gods tore its people away from the world of the living, the Land Between has known nothing but eternal darkness. There are countless monsters, monsters everywhere, but the darkness is like a heavy blanket, and there is no way out, no one. In this land, you go beyond the fears of a single man. Your presence is a reminder to the people of the world of the living. Those living, scattered throughout the world have heard about the land of the living and the "men of the lands", but for them, it is a story only as old as time itself. They have heard that men of light were said to be roaming the lands of the dead. They all believe it was a lie brought to them by the evil men of the lands, a lie to keep them from entering the Land Between. In the Land Between, there are rumors that fearsome dark monsters hunt men. Since their reign began, men and monsters have done nothing but kill each other, the land of death buried under the endless thick snow, and the wind howling around the cadavers, it must be so desolate and lonely here... The world of the living and the Land Between are so different. The people of the world of the living have lived there for hundreds of years. They've lived in an endless winter with the sound of the wind tearing at their hearts. The people of the Land Between are an eternal spring, and winter is merely a temporary guest that comes and goes. This is the land of the living. Now a dark shadow appears before our eyes, we feel like returning to our homes; for we have gained a new life, and we are also not ready to die. In any case, we are in the Land Between. A hero has been called to this land of death. Rise up from the dead, Tarnished, and bring back the light to this land of death! In the Land Between, the reincarnated hero Tarnished has begun his struggle to release the light of the living. He has decided to become the savior of the Land Between. You have volunteered to be his assistant, Tarnished, and to aid him in his struggles. From the start, you will cross paths with
